*Washington, April 1, 1863.*

## MEMORANDA.

All officers borne on this Register are graduates of the Military Academy, except those to whose names this mark [\*] is affixed.

This mark [†] denotes a voluntary *transfer*, which is the cause of the anomalous position of the officer in his *regiment or corps*.

The column "appointed from," in cases where officers have not served continuously, refers to the State from which they were *last* appointed.

Errors or omissions, if any, as to names, dates of commission, dates of first appointment, State where born, or from which appointed, will be immediately reported to the Adjutant General by the officers concerned.

\* The regiment being understood to consist of two light and two heavy batteries.

† Authority to add to the organization of each battery "one first and one second lieutenant, two sergeants, and four corporals," has been given to the President, and he has exercised it, thus carrying up the organization of the regiment to the maximum allowed by law.

‡ The new regiments are "to consist of not less than two nor more than three battalions" each. The maximum organization has been adopted for them in reality, although that given in the table is the minimum.
